Up

Updated: 17-Aug-05

Camping is an integral part of Scout / Guide education. The purpose of Scout / Guide is to contribute to the development of young people in achieving their full physical, intellectual, social and spiritual potentials as individuals, as responsible citizens and as members of the local, national and international communities.

This

activity is conducted for the students of std. IX. Students of VIII join this activity for their Oath-taking ceremony on the camp-fire

night. Sometimes students of higher standards are also allowed to join for some specific events in this activity which is held for 2 - 3 days.

Following are some of the plans made for the camping activity which is being conducted since last 1996.
